

小10数独

将1到9的数字放入每个空方块中，以便每个数字在每行、每列和9个3x3区域中恰好都出现一次。

两个单元格之间的交叉表示这些单元格中数字的乘积小于10。两个单元格之间的加号表示这些单元格中的数字之和小于10。如果和与积小于10，则这些单元格之间存在交叉。如果两个单元格之间没有符号，则和与积都至少为10。

(答案)

The grid is a 9x9 Mini-Sum Sudoku puzzle. It contains the following visible elements:

- Numbers: 4 (top-left), 9 (middle-left), 4 (bottom-right), 8 (bottom-right).
